

# A heightened nbn<sup>®</sup> experience is coming

We're working with our construction partner, Decon, to upgrade your nbn connection to full fibre - our fastest and most reliable home connection\*

## Get ready to unleash all this and more

### High-quality streaming

Enjoy the latest movies, TV shows, music and more in the comfort of your own home with less buffering.

### Seamless working & learning

A strong, reliable connection means you can make working from home a breeze with clear video calls and fast downloads.

### Next-level gaming

With speeds close to 1Gbps on nbn Home Ultrafast\*, you can give your gaming the edge with fast downloads and gameplay.

### Multiple people and devices online at once

An nbn full fibre connection is ready for the load of today's households, with minimal interruptions so you can enjoy your time online.
